Partnership for **A**ction **L**earning in **S**ustainability

School of Architecture, Planning and Preservation
Program in Architecture
Arch 700- Graduate Studio in Urban Design

Professor Matthew Bell, FAIA

Studio objectives

Gain design experience at the **scale of the city;**

Understand the relationship between an **individual building and the city** or community in which it resides;

Integrate the form of the land, sustainable design into urban concepts;

Leverage the relationship of the city of **Frederick to Carroll Creek**;

Show potential ways that existing or new neighborhoods can
enhance the historic core of Frederick.
