

“LET’S TALK ABOUT SAFETY”

AT FREDERICK’S BIOCONTAINMENT LABORATORIES

PUBLIC HEALTH AND SAFETY EXPO AND OPEN HOUSE

Talk with Fort Detrick laboratory safety experts,
public health and emergency preparedness officials.

Learn about public health and safety plans, training and procedures.

See research and safety equipment.

April 30 • 4 - 8:30 p.m.

Coblentz Hall, Hood College
401 Rosemont Ave., Frederick, MD 21701

Free and open to the public

*Sponsored by the Containment Laboratory Community Advisory Committee,
a joint committee of the City of Frederick and the Frederick County Board of Commissioners.*

www.cityoffrederick.com/index.aspx?NID=127 • email: CLCAC@cityoffrederick.com

Hosted by the Hood College Biology Department

BIOCONTAINMENT LABORATORY SAFETY IN OUR COMMUNITY

What are your health and safety questions or concerns with the containment laboratory research conducted in our community?

The EXPO provides an opportunity for the public to speak informally with

- Laboratory subject matter experts
- Public health and public safety officials

There will be equipment displays and information about safety engineering and equipment, safety procedures, personnel screening and training.

Safety Inspections and Oversight

Who inspects and how often? What happens if an inspection reveals a problem? What happens if there is an accident?

Community Organization Participants

- The Containment Laboratory Community Advisory Committee
- Frederick County Public Health Department
- Frederick County Department of Emergency Preparedness
- City/County First Responders and City Police
- City, county, state and federal elected officials have also been invited

Laboratory/Fort Detrick Participants

All of the National Interagency Biodefense Campus (NIBC) containment laboratories located at Fort Detrick, including:

- United States Army Medical Research Institute of Infectious Diseases (USAMRIID)
- Department of Homeland Security, National Biodefense Analysis and Countermeasures Center (NBACC)
- National Institute of Allergy and Infectious Diseases (NIAID) Integrated Research Facility
- Fort Detrick Garrison, emergency responders

Federal Inspection and Oversight Participant

- The Centers for Disease Control and Prevention (CDC)
Awaiting final confirmation
