

**Green Initiatives Team
Meeting Minutes
January 4, 2015
6pm**

GIT and others in attendance: Phil LeBlanc, Loren Audette, Mark Broski, Christine Maher, Eric Daniels, Dave Schmidt, Emilee van Norden, Alderman Kelly Russell, Ron Kaltenbaugh, and Jenny Willoughby

1. Earth Month events were discussed. The April 9th bike ride and April 16th trash cleanup will be the GIT's events for April.
2. Goal-setting for one, three, and five years was discussed. The group agreed to wait until the next review of the Sustainability Plan to determine what goals the GIT would set in order to assist the City in reaching the goals set in the sustainability plan.
3. The GIT reviewed the minutes from the two permanent committee meetings and determined what information the documents would contain. Emilee van Norden will edit the draft exhibit documents and resubmit via email to the group for final review.
4. New topics: The group asked when the updated sustainability plan would be available for review and Jenny informed everyone that the document would be ready for GIT review before the February meeting so it could be discussed then.

The meeting was adjourned.
