Resident Issues/Concerns	

PLANNING:

The Planning Department is looking to get resident input and will be sending out a survey that pertains to the east side of the city. The survey should be out early June.

Project: Food Pro Revision
Case #: STF15-198FSI
Planning Staff: Brandon Mark 301-600-1770
Applicant: Mark Crissman, Daft McCune Walker Inc.
Project: The Applicant is requesting approval of a revision to a previously approved final site plan. The original plan was for a building addition approved in 2004. The Applicant most recently received staff level approval to revise the plan to construct the same building, however in different phases.

Subsequent to the staff level approval, it became apparent that the parking proposed would not work because of topographical challenges. In order to resolve the parking challenges the Applicant is now requesting approval to move 15 spaces to an adjacent property to the west which is also owned by FoodPro. This requires a modification from Section 607 to allow for off-site parking.

GUEST SPEAKER:

- **Senior Park – Sue Paul**
 Sue was on hand to give some preliminary information about a park for senior citizens concept. The park is in preliminary planning stages. A possible location would be Monocacy Village Park since it has a parking lot that is close to the proposed area. More information will be coming out.

- **United Way – Taylor Liddiard**

Taylor was on hand to talk to residents about the United Way and different programs that they offer. He said that they offered tax preparation services to over 800 families this year. He said that they also work with local non-profits, financial counseling, etc. United Way is also hosting the Summer Serve program for youth ages 12-17, which incorporates volunteer service projects at various nonprofit agencies throughout Frederick County.
