AN ORDINANCE

to promote the health, security, general welfare and morals of the City of Frederick, dividing the city into use, height, and area districts, regulating and restricting the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes, in accordance with a comprehensive plan; providing for the administration and enforcement of such regulations and restrictions; creating a Board of Zoning Appeals; providing for appeals; providing penalties for violations of the provisions of this ordinance; and providing for amendments to this ordinance; in accordance with Chapter 705 of the Acts of 1927 of the General Assembly of Maryland.
Section 1. Be it ordained by The Mayor and Aldermen of Frederick, That for the purpose of promoting the health, security, general welfare and morals of the community, the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence or other purposes are regulated and restricted and such regulations and restrictions are made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the over-crowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements, and for the said purposes, the City of Frederick is divided into use, height and area districts.

Section 2. Use Districts. For the purpose set forth in Section 1, and considering the design, size and/or location of—

(a) sewers;
(b) water mains and pipes for fire extinguishment, domestic consumption and manufacturing;
(c) fire houses and their equipment;
(d) police stations with the number of patrolmen and the extent of their posts;
(e) streets, alleys, bridges and paving;
(f) schools, parks, playgrounds and other public facilities and requirements;
and considering, among other things,
(g) traffic problems;
(h) transportation requirements and facilities;
(i) hazards from fire and disease;
(j) the height and area districts and regulations established by this ordinance,
as affected by the uses of land and buildings in each of the use districts hereinafter mentioned, the use of land and buildings is hereby regulated and restricted, and the City of Frederick is divided into three classes of use districts, namely:
(1) Industrial Use Districts;
(2) Business Use Districts;
(3) Residential Use Districts,
as shown on the district map which accompanies this ordi-
nance and which is hereby declared to be part of this ordi-
nance. The use districts designated on said map are hereby
established. The use district map designations, lines, figures,
letters and symbols shown on said map are hereby declared
to be part thereof. All buildings and all uses of land and
buildings shall be permitted in any use district, except such
uses of land and buildings, and such buildings as are arranged,
intended or designed to be used for such uses, as are specifically
excluded from such use district.

Section 3. Classification of Use Districts and Uses. Uses
which are excluded from business use districts, but which are
not excluded from industrial use districts, and those uses for
which an ordinance is required under the provisions of Sec-
tion 4, shall be known as industrial uses. Industrial uses and
industrial use districts shall be the lowest classification. Uses
which are excluded from residential use districts, but which
are not excluded from business use districts, shall be known
as business uses. Business uses and business use districts shall
be higher in classification than industrial uses and industrial
use districts. Uses which are not excluded from residential
use districts shall be known as residential uses. Residential
uses and residential use districts shall be the highest classi-
cation.

Section 4. Industrial Use District. In an industrial use
district, no use of land or buildings shall be excluded. The
following:

1. Abattoir
2. Acetylene gas manufacture
3. Ammonia manufacture
4. Arsenal
5. Blast furnace
6. Chlorine, or hydrochloric, nitric, picric, sulphuric,
or sulphurous acid manufacture
7. Coke ovens
8. Distillation of coal, wood or bones
9. Distillation of spirits of turpentine or varnish
10. Exterminator or insect poison manufacture
11. Fertilizer manufacture
12. Fireworks or explosive manufacture or storage warehouse
13. Glue factory
14. Gunpowder manufacture or storage
15. Hair factory
16. Incineration or reduction of garbage, offal, or dead animals, or refuse other than garbage or refuse accumulated and disposed of, on the premises, without offensive odor
17. Refining of petroleum or any of its products
18. Sash weight foundry
19. Sewage disposal plant
20. Slaughter house refuse or animal refuse or rancid fat or refuse dead animals, cooking, boiling or rendering
21. Slaughtering of animals
22. Tetra-ethyl lead precipitate or liquid manufacture
23. Any use which is a nuisance per se,

are limited as to location in industrial use districts, so that, none of these uses may be established without authority of
an ordinance of the Mayor and Board of Aldermen, and such
authority may be granted in industrial use districts only. Be-
fore any ordinance, authorizing any use, or authorizing con-
struction, extension or alteration of buildings, for any use
listed in this Section, may be passed, at least ten days' notice
shall be given by the applicant interested in or applying for
authority, of the intended application for the passage of such
ordinance, by posting a conspicuous sign on the premises, and
by a publication of at least four insertions in a daily newspa-
paper published in the City of Frederick. The sign and
publication shall specify the exact location and nature of
such use, construction, extension or alteration, as the case
may be, in such a way as to apprise property owners or occu-
pants of the proposal.

Section 5. Business Use Districts. In a business use dis-

trict, no use of land or building shall be excluded except—
1. Uses for which an ordinance is required before
they are established in industrial use districts, as
noted in Section 4
2. Blacksmith shop or horse-shoeing shop
3. Carpet cleaning establishment
4. Cleaning establishment where flammable or explosive liquids are used
5. Coal yard or lumber yard
6. Junk yard or shop for purchase, sale, handling, baling or storage of scrap paper, metals, bottles, rags, rubber or other junk
7. Manufacturing
8. Motion picture film exchange and wholesale film distribution
9. Refining or bulk storage of petroleum or its flammable derivatives, provided, however, that this does not refer to ordinary retail gasoline filling stations
10. Pickling
11. Steam laundry
12. Wholesale bakery.

Section 6. Residential Use Districts. In a residential use district, no use of land or building shall be excluded, except—
1. Uses excluded from business use districts
2. Bakery
3. Bowling alley
4. Club, the chief activity of which is a service customarily carried on as a business
5. Correctional or penal institution
6. Dance hall
7. Dressing or cleaning establishment
8. Factory
9. Filling station for the sale of flammable liquids
10. A garage or garages for more than three motor vehicles or covering an aggregate more than six hundred square feet of a lot
11. Hotel which has less than twenty sleeping rooms
12. Laundry
13. Livery stable
14. Milk bottling or distributing plant
15. Motor vehicle, wagon or bicycle repair shop
16. Office building
17. Outdoor advertising structure, except the ordinary sign advertising for rent, sale or lease property on which such sign is situated
18. Plumbing establishment
19. Pool or billiard room
20. Sale or boarding stable
21. Shop for the conduct of a trade or for the sale of trade appurtenances
22. Store
23. Tailoring establishment
24. Theater including those for moving pictures
25. Undertaking business or establishment
26. Wholesale warehouse or storage warehouse or building to be used for the storage of household effects or merchandise
27. Storing or altering of packing boxes on any lot or in any building
28. Store for the sale of paints, oils, grease, varnishes, shellac, alcohol, celluloid or wax, or articles manufactured from any of these materials
29. Store for the sale of flammable or explosive merchandise
30. Store for the sale of merchandise which is received, handled, stored or delivered in flammable containers
31. Store for the sale of perishable food products
32. Store, the conduct of which results in flammable trade waste
33. Store, the conduct of which results in putrefactive animal or vegetable trade waste
34. The following places of business where service is rendered: clothes pressing, beauty parlor, barber shop, photographic establishment, printing establishment, shoe-repair shop, shoe-shining, poultry-killing, cat or dog hospital, automobile or storage battery service station.

Nothing in the use provisions of this ordinance shall be deemed to exclude farming, gardening, nurseries, or greenhouses from the residential use districts and such uses shall be deemed to be residential uses.

Section 7. Accessory Uses. Uses of land or buildings which are customarily incident to uses not excluded from residential use districts shall not be excluded from residential use districts, but shall be permitted as accessory uses. The
term "accessory use" shall include the activities of those engaged in professions, in their homes, and customary home occupations, but it shall not include any of the uses excluded by the provisions of Section 6. An accessory use shall be limited to the lot upon which the use, to which it is or is intended to be accessory, is situated.

Section 8. Non-conforming Uses. A non-conforming use is a use that now exists and that does not comply with the regulations for the use district in which it is situated. A non-conforming use may not be extended, except as hereinafter provided, but the extension of a use to any portion of a building, which portion is now arranged, intended or designed for such non-conforming use, shall not be deemed to be an extension of a non-conforming use. A non-conforming use may not be changed unless it is changed to a use of the same classification or to a use of a higher classification. A non-conforming use, if changed to a use of a higher classification, may not thereafter be changed back to a non-conforming use of a lower classification. Nothing contained in this ordinance shall be construed to prevent the continuance of any use which now exists.

Section 9. Construction, Extension and Alteration of Buildings. All buildings are permitted and may be constructed, extended or altered in any use district, except that
(a) no building shall be constructed;
(b) no building shall be extended;
(c) no building shall be altered
where such construction, extension or alteration, as the case may be, is arranged, intended or designed to be used for or to change a use for, a use which is specifically excluded from the use district in which the building, is situated or proposed to be situated.

Section 10. Use District Special Exceptions. The Board of Zoning Appeals may, in its discretion, in a specific case, after public notice and hearing and subject to the limitations set forth in Section 27, Paragraph j, and subject to the height and area regulations hereinafter described, permit, where otherwise excluded—
(a) an extension of a use or building into a use district
of a higher classification immediately adjacent thereto for a
distance of not more than fifty feet within the boundary line
of such district:
(b) an extension of a non-conforming use or building upon
the lot now occupied by such use or building;
(c) for a period not exceeding two years, in undeveloped
sections of the city, temporary structures and uses in contra-
vention of the regulations prescribed for the use districts in
which such structures or uses are proposed;
(d) an apartment or tenanted garage, without repair facili-
ties and without storage or sale of flammable liquids, in a
residential use district;
(e) a space, to be used as a garage, without repair facili-
ties and without storage or sale of flammable liquids, within
a building used as a hotel or as an apartment house;
(f) but, nothing in this section (10) shall be construed to
vest any authority in the Board of Zoning Appeals with respect
to uses, construction, extensions or alterations for which an
ordinance is required by the provisions of Section 4.

Section 11. Uses Limited as to Location. In addition to
the regulations and restrictions set forth in the preceding
paragraphs,
1. Bakeries,
2. Bowling alleys,
3. Filling stations for the sale of flammable liquids,
4. Garages or places for housing or storing more
   than three motor vehicles,
5. Laundries,
6. Motor vehicle repair shops,
7. Undertaking business or establishments
   are further limited as to location, so that, approval of the
   Board of Zoning Appeals, in its discretion, in a specific case,
   after public notice and hearing, and subject to the limitations
   set forth in Section 27, paragraph 1, shall be obtained before
   any of these may be established.

Section 12. Height District. For the purpose set forth
in Section 1, and considering the design, size and/or loca-
tion of—
(a) sewers;
(b) water mains and pipes for fire extinguishment, do-
FREDERICK CITY, MD.

ment for consumption and manufacturing;
(c) fire houses and their equipment;
(d) police stations with the number of patrolmen and the
extent of their posts;
(e) streets, alleys, bridges and paving;
(f) schools, parks, playgrounds and other public facili-
ties and requirements;
and considering, among other things,
(g) traffic problems;
(h) transportation requirements and facilities;
(i) access of light and air to buildings;
(j) access for fire protection;
(k) hazards from fire and disease;
(l) the use and area districts and regulations established
by this ordinance.
as affected by the height of buildings in each of the height
districts hereinafter mentioned, the height of buildings is
hereby regulated and restricted, and the City of Frederick is
divided into two classes of height districts, namely:
(1) Ninety-foot Height Districts;
(2) Forty-five-foot Height Districts,
as shown on the district map which accompanies this ordi-
nance and which is hereby declared to be part of this ordi-
nance. The height districts designated on said map are hereby
established. The height district map designations, lines, fig-
ures, letters and symbols shown on said map are hereby de-
cclared to be part thereof.

Section 13. Height District Regulations. No building shall
be constructed or increased in height to a height in excess of
the height limits hereinafter provided for the height district
in which such building is located or proposed to be located.
(a) In a ninety-foot height district, no building shall be
constructed or increased in height to a height in excess of
ninety feet at the street or any lot line. Back of the street
or lot lines, any building or portion thereof may be erected to
a height in excess of ninety-feet; provided such building or
portion thereof is set back from all street and lot lines one
foot for each three feet of such additional height. Notwith-
standing other regulations and restrictions in this section (13),
no dwelling shall be constructed or increased in height to a
height greater than forty-five feet in an industrial use district.
(b) In a forty-five-foot height district, no building shall be constructed or increased in height to a height in excess of forty-five feet.

Section 14. General Height District Exceptions. The height regulations of this ordinance shall not apply to the construction of the following:

(a) Belfries, chimneys, cupolas, domes, fire escapes, flag poles, flues, minarets, monuments, spires, stacks, steeples, ventilators, or outdoor radio towers, poles, antennae and wires;

(b) Water towers or tanks other than those located on the roof of a building;

(c) Bulk-heads, cooling towers, elevator enclosures, monitors, pent houses, sky lights, stage towers or water tanks, occupying not more than twenty-five per cent., in the aggregate, of the area of the roof of the building on which they are located;

(d) Towers, occupying not more than twenty-five per cent., in the aggregate, of the area of the building on which they are located and not more than fifty per cent., in the aggregate, of the length of the street frontage of the building.

Section 15. Area Districts. For the purpose set forth in Section 1, and considering the design, size and/or location of—

(a) sewers;

(b) water mains and pipes for fire extinguishment, domestic consumption and manufacturing;

(c) fire houses and their equipment;

(d) police stations with the number of patrolmen and the extent of their posts;

(e) streets, alleys, bridges and paving;

(f) schools, parks, playgrounds and other public facilities and requirements;

and considering, among other things,

(g) traffic problems;

(h) transportation requirements and facilities;

(i) access of light and air to buildings;

(j) access for fire and police protection;

(k) protection of occupants of buildings from noise, dust and gases caused by traffic;

(l) hazards from fire and disease;
(m) The use and height districts and regulations established by this ordinance, as affected by the percentage of lot occupied, the size and location of yards and other open spaces, and the density of population, in each of the area districts hereinafter mentioned, the percentage of lot that may be occupied, the size and location of yards and other open spaces and the density of population are hereby regulated and restricted, and the City of Frederick is divided into three classes of area districts, namely:

(1) A Area Districts;
(2) B Area Districts;
(3) C Area Districts,
as shown on the district map which accompanies this ordinance and which is hereby declared to be part of this ordinance. The area districts designated on said map are hereby established. The district map designations, lines, figures, letters and symbols shown on said map are hereby declared to be part thereof.

Section 16. Area District Regulations. No building shall be constructed except in accordance with the area regulations hereinafter prescribed for the area district in which such building is located or is proposed to be located. No building shall be so extended as to reduce the open spaces prescribed for the area district in which such building is located or such extension is proposed to be located. No building shall be constructed, extended or altered, if such building as proposed to be constructed, extended or altered, is arranged, intended or designed to be occupied by more than the number of families permitted by the area regulations hereinafter prescribed for the area district in which such building, extension or alteration is located or is proposed to be located. No building shall be occupied by more than the number of families permitted by the area regulations hereinafter prescribed for the area district in which such building is located.

Section 17. A Area Districts. The following regulations and restrictions shall apply in A area districts:

(a) A dwelling shall not occupy more than seventy-five per cent. of the area of an interior lot, nor more than eighty-five per cent. of the area of a corner lot.
(b) In the rear of every dwelling there shall be a rear yard not less than twenty-five feet deep.

c) No dwelling shall hereafter be constructed, extended or altered to accommodate or make provision for more than sixty families on any acre of land, nor for more than a proportional number of families on a fractional part of any acre of land. The maximum number of families which may hereafter be housed on any parcel of land shall not exceed the integral number obtained by multiplying the acreage of such parcel, exclusive of the area within street and alley lines, by sixty.

Section 18. B Area Districts. The following regulations and restrictions shall apply in B area districts:

(a) A dwelling shall not occupy more than fifty percent of the area of an interior lot, nor more than sixty-five percent of the area of a corner lot.

(b) In the rear of every dwelling there shall be a rear yard not less than twenty-five feet deep.

(c) No dwelling shall hereafter be constructed, extended or altered to accommodate or make provision for more than sixty families on any acre of land, nor for more than a proportional number of families on a fractional part of any acre of land. The maximum number of families which may hereafter be housed on any parcel of land shall not exceed the integral number obtained by multiplying the acreage of such parcel, exclusive of the area within street and alley lines, by sixty.

(d) A side yard not less than three feet wide shall be required for every dwelling hereafter erected except that no such side yard shall be required on a corner lot. In this district, wherever a side yard is now provided, no extension or alteration of a dwelling shall be made so as to reduce such a yard to less than three feet in width.

Section 19. C Area Districts. The following regulations and restrictions shall apply in C area districts:

(a) No building shall occupy more than thirty percent of the area of an interior lot, nor more than forty percent of the area of a corner lot.

(b) In the rear of every building there shall be a rear yard not less than thirty feet deep.
(c) No building shall hereafter be constructed, extended or altered to accommodate or make provision for more than twelve families on any acre of land, nor for more than a proportional number of families on a fractional part of any acre of land. The maximum number of families which may hereafter be housed on any parcel of land shall not exceed the integral number obtained by multiplying the acreage of such parcel, exclusive of the area within street and alley lines, by twelve.

(d) At least one side yard shall be required for every dwelling hereafter erected. For a detached dwelling, or for any building other than a dwelling, two side yards shall be required, each of which shall be not less than ten feet wide. For a semi-detached dwelling, one side yard not less than fifteen feet wide shall be required.

Section 20. General Area Regulations and Exceptions. The following general area regulations and exceptions shall apply:

(a) The limits of building area in this ordinance shall apply at the mean curb level.

(b) In computing the depth of a rear yard abutting on an alley, the measurement may include one-half the width of such alley.

(c) In computing the width of a side yard abutting on an alley, the measurement may include one-half the width of such alley.

(d) A fire-proof, outside stairway, or an open or lattice enclosed iron fire escape may project not more than eight feet into a rear yard, and a solid floor balcony may project not more than six feet into a rear yard.

(e) Ordinary window-sills, chimneys, eaves and cornices may project into any yard, and a fence not over four feet high may project into or enclose any yard.

(f) Enclosed or unenclosed porches not more than one-story high may project not more than ten feet into a front yard.

(g) An unenclosed porch may project not more than six feet into a rear yard; steps for entrance to a building may project into any yard, and a chimney oriel or bay may project not more than three feet into any yard; provided, however, that such steps, chimney oriel or bay shall not project
into such side yard as is required for dwellings in a B area-
district.

(b) Notwithstanding other provisions of this ordinance per-
taining to the number of families per acre, a single family
may occupy any lot, the separate identity of which was deter-
mined at the time of the passage of this ordinance.

(i) Notwithstanding other area provisions of this ordi-
nance, a garage for not more than one motor vehicle and not
more than 300 sq. ft. in area, may be constructed in the
rear yard of any lot on which there is a building at the
time of the passage of this ordinance.

(j) Garages and accessory buildings not over fifteen feet
high may occupy ten per cent. of the lot area, in addition to
the building area limitations, providing that no more than
fifty per cent. of the required area of a rear yard is occupied
by such garages or accessory buildings.

(k) No dwelling shall hereafter be erected on a lot abut-
ting on a street, alley or way which is less than thirty feet
in width, provided, however, that nothing in this ordinance
shall prevent the erection of a dwelling on a lot abutting
on a street, alley or way that was laid out or opened prior
to the passage of this ordinance.

(l) Nothing in this ordinance shall be construed to
interfere with or restrict the number of families occupying
buildings at the time of the passage of this ordinance.

(m) Nothing in this ordinance shall be construed to inter-
fer with or restrict the percentage of lot now occupied by
buildings, nor to require an existing building to be reduced
in size in order to provide larger yards.

Section 21. Special Area Regulations and Exceptions.

(a) In C area districts garages and accessory buildings
hereafter erected shall be set back not less than ten feet
from all street lines.

Section 22. Front Yards. For buildings hereafter con-
structed, extended or altered, front yards shall be provided
as shown on the front yard map which accompanies this
 ordinance, and which is hereby declared to be part of this
 ordinance. The required front yards designated on said map
are hereby established. The front yard map designations,
lines, figures, letters and symbols shown on said map are
hereby declared to be part thereof. No building shall be constructed except in accordance with the front yards prescribed for the block in which such building is proposed to be situated. No building shall be so extended or altered as to reduce the front yard prescribed for the block in which such building is situated. Nothing in this ordinance shall be construed to interfere with or restrict the size of front yards for buildings erected prior to the passage of this ordinance.

Wherever, in a block, a zero is shown on the map, it is intended that no front yard shall be required. Except in Industrial Use Districts, wherever in a block or on unsubdivided land there is no front yard designated, it is intended that the required front yards for the block or for the land that may be subdivided into building lots hereafter or for blocks bordering streets that may be laid out hereafter through unsubdivided land, shall be determined by application of the rule set forth in Section 33 of this ordinance.

Section 33. Wherever the required front yard is not shown by an exact number of feet on the front yard map, it shall be determined by the following table, which specifies the minimum depth of front yard required, based on both depth of lot and width of street on which the lot abuts:

**Front Yards Required For Lots, Varying From 90-150 Feet In Depth**

</table>
The above table specifies the required front yard on lots varying from 90 feet to 150 feet, and on streets varying from 35 feet to 100 feet. For lots less than 90 feet deep the same front yard shall be required as for lots 90 feet deep. For lots more than 150 feet deep the same front yard shall be required as for lots 150 feet deep. For streets less than 35 feet wide the same front yard shall be required as for streets 35 feet wide. For streets over 100 feet wide the same front yard shall be required as for streets 100 feet wide. It is hereby expressly set forth that front yards are not required for buildings in industrial use districts, except where designated on the front yard map.

Section 24. The Board of Zoning Appeals may, in its discretion, in a specific case, after public notice and hearing and subject to the limitations set forth in Section 27, paragraph 1,
(a) determine, in instances where there are minor irregularities in depths of existing front yards in a particular block, that any one of the existing depths shall be the required minimum front yard depth for the entire frontage, or for any part thereof, and for the entire block or for either side thereof;
(b) determine the front yard requirement for any lot or block where the rules above set forth do not establish the depth of a front yard.

Section 25. Interpretation of Maps and Map Designations. The following rules of interpretation shall be applicable to the maps:
(a) A use district name, a height district number, or an area district letter, shown on the use, height and area district map, indicates that the regulations pertaining to the district designated by that name, number or letter extend throughout the whole area bounded by the district boundary lines within which such name, number or letter is shown.
(b) Where the precise location of a district boundary line is indicated by a designated number of feet, shown on the map, that distance shall control.
(c) Where the precise location of a boundary line is shown as within or binding along a street or alley, such boundary line shall be deemed to be the center of such street or alley.
(d) Where a boundary line is shown and its location is
not fixed by any of the above rules of this section, its precise location shall be determined by scaling from fixtures shown on the map.

(e) The depth of a front yard required for any building in a block shall be not less than the number of feet indicated as the front yard requirement for such block, as shown on the front yard map, said front yard depth to be measured from the front line of the lot to the front line of the building.

Section 26. Enforcement. The method for enforcing this ordinance, and the procedure to be followed in making application for permits shall be as follows:

(a) Before any land or building may be used, or before any building may be constructed, extended, altered, repaired, changed or converted, application for a permit shall be made to the City Engineer. The application shall be accompanied by plans and specifications of the proposed building. If the application, filed together with the plans and specifications, conforms in all respects with the requirements of this ordinance, the City Engineer shall, within reasonable time, issue the permit applied for. If the application and the accompanying papers do not comply in all respects with the regulations of this ordinance, it shall be disapproved by the City Engineer, and the applicant notified in writing. The City Engineer may, in his discretion, before disapproving any application, return such application to the applicant, who may amend the said application, plans or specifications in order to make the proposal comply with the regulations of this ordinance. In such event the City Engineer shall proceed to pass upon the application as if it were an original one. If an application is disapproved, the applicant shall be notified in writing, with reasons for the disapproval. If an application is approved, a written permit shall be issued. In passing upon applications for permits, approval or disapproval of the City Engineer shall, at all times, be in accordance with interpretations given this ordinance and the maps by the Board of Zoning Appeals, hereinafter established.

(b) An application for a permit shall show such information as may be necessary to determine if the application conforms with the regulations of this ordinance and shall be accompanied by a plat in duplicate, drawn to such scale as the Engineer may require, showing the actual dimensions of
the lot built upon or to be built upon, the size and situation of all existing buildings upon the lot, the size and situation of the building or buildings to be constructed, the size and situation of any proposed extension, the house number and names of all streets upon which the lot abuts, and such other information as may be necessary to provide for enforcement of this ordinance, or upon which to base an inspection prior to passing on the application.

(c) In case any building or structure is constructed, extended, altered, repaired, changed, converted or maintained, or any building, structure or land is used in violation of this ordinance, the Mayor and Aldermen, in addition to other remedies, may institute any appropriate action or proceeding to prevent such unlawful construction, extension, alteration, repair, change, conversion, maintenance or use to restrain, correct, or abate such violation, to prevent the occupancy of said building, structure or land, or to prevent any act, conduct, business or use in violation of this ordinance in or about such premises.

Section 27. Board of Zoning Appeals. Constitution of the Board of Zoning Appeals, procedure for taking appeal, and powers of the Board are as follows:

(a) The Board of Zoning Appeals is hereby established. It shall consist of five members, and they shall be appointed by the Mayor, subject to approval of the Board of Aldermen. The members of the Board of Zoning Appeals shall be appointed for a term of four years, but of the first appointed members, one shall be appointed for a term of one year, one for a term of two years, one for a term of three years, and one for a term of four years. One member shall be named by the Mayor as Chairman. Annually hereafter the Mayor shall appoint, subject to the approval of the Board of Aldermen, members for terms of four years, to succeed those whose terms have expired. A vacancy shall be filled for the unexpired term of any member whose term becomes vacant. The members of the Board of Zoning Appeals shall be removable for cause by the appointing authority upon written charges and after public hearings.

(b) The Board shall appoint such employees as may be authorized from time to time by the Board of Aldermen. The members of the Board of Zoning Appeals and employees shall
receive such compensation as may be fixed by the Board of Aldermen.

(e) The Board of Zoning Appeals, hereinafter referred to as "the board," shall adopt rules necessary for carrying out the provisions of this ordinance. Meetings of the board shall be held at the call of the Chairman and at such other times as the board may determine. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be filed immediately in the office of the board, and shall be a public record.

(d) Appeals to the Board of Zoning Appeals may be taken by any person aggrieved, or by any officer, department, board or bureau of the municipality affected by any decision of the City Engineer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the City Engineer and with the board a notice of appeal, specifying the grounds thereof. The City Engineer shall forthwith transmit to the board all of the papers constituting the record upon which the action appealed from was taken.

(e) An appeal stays all proceedings in furtherance of the action appealed from, unless the City Engineer certifies to the Board of Zoning Appeals after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Zoning Appeals or by a court of record on application, on notice to the City Engineer and on due cause shown.

(f) The Board of Zoning Appeals shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

(g) The Board of Zoning Appeals shall have the following powers:
1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this ordinance.

2. To hear and decide special exceptions to the terms of the ordinance upon which the board is required to pass under this ordinance.

3. To authorize upon appeal in specific cases such variance from the terms of this ordinance as is necessary to avoid arbitrariness and so that the spirit of the ordinance shall be observed and substantial justice done.

(h) In exercising the above-mentioned powers the board may, in conformity with the provisions of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the City Engineer.

(i) The concurring vote of four members of the board shall be necessary to reverse any order, requirement, decision, or determination of the City Engineer, or to decide in favor of the applicant on any matter upon which it is required to pass under this ordinance, or to effect any variation in this ordinance.

(j) Where the board is authorized to make special exceptions, it shall do so only where the proposed use of buildings or structures, changes of use of land or buildings, size of yards, size of buildings, or density of population, shall not create hazards from fire or disease, or shall not menace the public security, health or morals, and in determining whether, under any particular existing conditions, the proposed conditions would create hazards from fire or disease, or would menace the public security, health or morals, the board shall give consideration to items (a), (b), (c), (d), (e), (f), (g), (h), (i), and (j) of section 2, items (a), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k) and (l) of section 12, and items (a), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), and (l) of section 13.

Section 28. Court Review. Court review is hereby provided in accordance with Article 66 B of the Annotated Code of Maryland.
(a) Any person, or persons jointly or severally aggrieved by any decision of the Board of Zoning Appeals, or any taxpayer, or any officer, department board or bureau of the municipality, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after filing of the decision in the office of the board.

(b) Upon the presentation of such petition the court may allow an appeal to review such decision of the Board of Zoning Appeals and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the appeal shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

(c) The Board of Zoning Appeals shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or such portions thereof as may be called for by such appeal. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(d) If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a commissioner to take such evidence as it may direct and report the same to the court with his findings, or that no conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

(e) All issues in any proceeding under this section shall have preference over all other civil actions and proceedings.

Section 29. Restoration of Buildings. Nothing in this ordinance shall prevent the restoration of a building destroyed by fire, explosion, act of God, act of the public enemy or otherwise, or prevent the continuance of the use or part thereof as such use existed at the time of such destruction of such
building or part thereof or prevent a change of such existing use under regulations provided by this ordinance. Nothing in this ordinance shall prevent the restoration of any part of a building declared unsafe by the City Engineer or by a Board of Survey.

Section 30. Permits Good for Six Months. Whenever a permit is granted under the provision of this ordinance, it shall be exercised by the grantee therein named within six months from date of its issuance, and if not exercised by the grantee therein named within that time, the privilege and all rights granted shall become null and void and of no effect, and any permits heretofore granted in pursuance of any ordinance of The Mayor and Aldermen of Frederick shall be exercised within six months from the date of the approval of this ordinance, otherwise to become null and void and of no effect.

Section 31. Penalties for Violation. Any person who shall construct, extend, alter, repair, change, convert or use any building, or use any land, or change the use of any land or building in violation of this ordinance, or who shall neglect to obtain the permit required by this ordinance shall be guilty of a misdemeanor and upon conviction in any court of competent jurisdiction, shall be fined not less than twenty-five nor more than two hundred dollars; every such person shall be deemed guilty of a separate offense for every day such violation shall continue.

Section 32. Provision for Amendment. This ordinance, with its regulations, restrictions and boundaries may from time to time be amended, supplemented, changed, modified, or repealed. In case, however, of a protest against such change, signed by the owners of twenty per cent. or more, either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending one hundred feet therefrom or of those directly opposite thereto extending one hundred feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the Board of Aldermen of the City of Frederick. No such amendment, supplement, change, modification, or repeal shall become
effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days' notice of the time and place of such hearing shall be published in an official paper, or a paper of general circulation, in the City of Frederick.

Section 33. Definitions. For the purpose of this ordinance, and unless the contrary clearly appears from the context, certain words are defined as follows:

a. All words used in the present tense shall include the future. All words used in the plural number shall include the singular number. All words in the singular number shall include the plural number. The word "lot" includes the word "plot." The word "building" includes the word "structure." The word "occupied" includes the words "arranged, intended or designed to be occupied." The word "used" includes the words "arranged, intended or designed to be used." The word "shall" is always mandatory and not directory.

b. Lot. A lot is a parcel of land now occupied by, or hereafter laid out for, one building and the accessory buildings or uses customarily or necessarily incident to it, including such open spaces as are required by this ordinance, and such open spaces as are arranged, intended and designed to be used in connection with such building.

c. Street. The term "street" shall apply to any public or private way thirty feet or over in width. The term street shall be taken to include the whole way over which the public has a right of easement, including the way for both vehicular and pedestrian traffic.

d. Alley. The term "alley" shall apply to any public or private way less than thirty feet in width.

e. Height of Building. The height of a building is the vertical distance measured in the case of flat roofs from the mean curb level to the level of the highest point of the roof beams adjacent to the street wall, and in the case of pitched roofs from the mean curb level to the mean height level of the roof. Where no roof beams exist or there are structures wholly or partly above the roof, the height shall be measured from the mean curb level to the level of the highest point of the building. Where the walls of a building do not adjoin a street then the height of a building shall be measured from
the average elevation of the ground adjoining the walls instead of from the curb.

f. Building. An edifice or any structure located on a lot.
g. Width of the Street. The mean of the distances between the sides thereof within a block.
h. Corner Lot. A lot of which at least two adjacent sides abut for their full length upon a street.
i. Interior Lot. A lot other than a corner lot.
j. Depth of Lot. The dimension measured from the front of the lot to the extreme rear line of the lot. In case of irregularly shaped lots the mean depth shall be taken.
k. Yard of Open Space. The clear, unoccupied space on the same lot with a building, and required by the provisions of this ordinance.
l. Front Yard. A clear, unoccupied space on the same lot with a building, extending across the entire width of the lot and situated between the front line of the building and the front line of the lot.
m. Rear Yard. A clear, unoccupied space on the same lot with a building, extending across the entire width of the lot and situated between the rear line of the building and the rear line of the lot.

n. Side Yard. A clear, unoccupied space on the same lot with a building and extending for the full length of the building between the building and a side lot line.
o. Dwelling. Any building used in any part for residence, including an apartment house, is a dwelling, provided, however, that the term “dwelling” shall not include a hotel.
p. Now. “Now” shall mean at the time of the passage of this ordinance.

q. Hereafter. “Hereafter” shall mean after the time of the passage of this ordinance.

Section 24. Saving Clause. In case it be judicially determined that any word, phrase, clause, item, sentence or section, or the application thereof to any person or circumstances is held invalid, the remaining provisions and the application of such provisions to other persons or circumstances shall not be affected thereby.

Section 25. Upon the passage of this ordinance by the Board of Aldermen, as evidence of the authenticity of the
maps which are a part hereof, the said maps shall each be signed by the President of the Board of Aldermen and upon approval of the ordinance by the Mayor, each shall be signed by the Mayor of the City of Frederick.

Section 36. And be it further ordained that this ordinance shall take effect from the date of its approval.

Passed August 5th, 1929.

LLOYD C. CULLER,
President of Board of Aldermen.

Approved August 5th, 1929.

LLOYD C. CULLER,
Mayor.
ZONING ORDINANCE
of FREDERICK MARYLAND
Adopted August 5, 1929
