Lt. Tokarz (Support Services Division Commander) was also on hand to talk about FPD recruiting efforts. Lt. Tokarz said that that we are allocated 144 officers and we have 145 currently. We are allowed to over hire to staff for anticipated retirements. He said this can be done for up to 6 months. Along with the 145 sworn officers there are also 48 civilian employees. The FPD is currently looking for Dispatchers and if anyone is interested they can apply online.

FPD is also hosting an academy which is going on now. There are 7 FPD recruits in the class. Along with the FPD recruits there are also recruits from other agencies to make up the class of 20.

Chief Hargis was also in attendance to answer any questions. He talked about the Chief’s Forum and asked for those interested to contact him. He is looking to gather input from citizens as to police policy changes, etc. He also said that the accreditation assessment was about 3 weeks ago and the outcome will be announced in March/April.

***PLANNING:***

- **Project:** City of Frederick Monocacy Water Treatment Plant
- **Applicant:** City of Frederick
- **Planning Staff:** Gabrielle Collard 301-600-1883 gcollard@cityoffrederick.com
- **Description:** The Monocacy Water Plant was constructed in 1960 and produces up to 3 million gallons per day. Last year the plant produced 621,812,000 gallons which is an average of 1.7 millin gallons per day (24% of the City’s need). The City has maintained the plant and the equipment since then with no major upgrades. Much of the process equipment and the building space has reached the end of its

useful life. This project will allow the City to upgrade the plant with the latest technology, add new pumps and controls, and install needed backup power generation.

**SUGGESTIONS/COMMENTS:**

- NAC 4 is looking for additional NAC Coordinators
- Can someone from P&R come to a meeting to talk about what is planned for Tuscarora Creek Park when it is turned over to the City?
- A request for Devon Hahn to come back and talk about the future traffic patterns in the area with all the construction taking place.
